

DMV E COMMERCE
TECHNOLOGY DISTRIBUTION

AUTHORIZED BRAND PARTNER • COMPONENTS & AI SOLUTIONS

Powering Enterprise Compute & AI Infrastructure.

Authorized partner for the world's leading silicon and storage brands — delivering genuine, warranty-backed components and custom-built AI compute solutions for corporates and enterprises across India.

Authorized lines incl. NVIDIA · Intel · ASUS · SanDisk and other world-renowned technology brands.

Genuine • Warranty-backed • Enterprise-ready

What We Do

A single, accountable source for genuine hardware and purpose-built AI systems.

Components Distribution

GPUs, CPUs, SSDs and RAM from authorized brand channels — sourced genuine, fully warranty-backed, available at volume.

Custom AI Solutions

Purpose-built GPU compute — workstations, AI servers and inference nodes configured, integrated and deployed to your workload.

Volume Procurement

Bulk supply for IT rollouts, refresh cycles and project deployments — with transparent pricing and dependable lead times.

Authenticity Guaranteed

Every unit moves through authorized distribution. Original brand warranty, serialized invoicing and full GST compliance.

Build-to-Spec Systems

Tell us the workload — training, rendering, virtualization. We spec the silicon, assemble, test and ship validated systems.

Dedicated Account Support

A named point of contact, pre-sales configuration help and post-sale warranty coordination — start to finish.

Brands & Product Portfolio

Authorized lines across compute silicon, storage, systems and peripherals.

DIVISION	BRANDS	PRODUCT COVERAGE
Compute & Graphics		Professional & gaming GPUs, RTX Pro Blackwell accelerators, desktop & server CPUs, motherboards.
AI & Server Systems	ASUS Server	Custom multi-GPU AI workstations, inference & training nodes, server parts & chassis — built to spec.
Storage & Memory	SanDisk Crucial WD	NVMe & SATA SSDs, server & gaming DRAM, portable and surveillance storage, flash media.
Personal Computing	Monitors NB/DT	Notebooks, all-in-ones, desktops, gaming systems, displays and computing peripherals.
Mobility	Smartphones Tablets	Brand-approved smartphones and tablets for corporate procurement and bulk deployment.
Peripherals	Accessories Networking Cables	Connectivity, IT accessories and supporting hardware to complete enterprise deployments.

All brand logos shown are authorized lines · All stock genuine & warranty-backed · GST-compliant serialized invoicing

Why Enterprises Choose DMV

Accountable sourcing, genuine product, and engineering that ships.

1

Authorized, not grey-market

Authorized channel for NVIDIA, Intel, ASUS and SanDisk — original product with full manufacturer warranty, every time.

2

AI compute, done end-to-end

We don't just sell GPUs — we configure, assemble, validate and deliver complete AI systems matched to your workload.

3

Built on 12 years of trade

Over a decade of supplier relationships and procurement expertise means reliable pricing, sourcing and lead times.

4

Pan-India footprint

Branches across 8 states let us fulfill, support and service enterprise deployments wherever you operate.

5

One accountable partner

A single named contact across pre-sales, build, delivery and warranty — no hand-offs, no finger-pointing.

“

Genuine silicon. Custom AI builds. One partner accountable from quote to deployment.

— The DMV E Commerce commitment

Let's build your compute.

Request a quote, a custom AI build spec, or a corporate price list.
